## Minnesota Man a Suicide.

Fergus Falls, Minn., Oct. 29.—Gilbert Peterson, a young man of Parker's Prairie, committed suicide by shooting himself in the head with a shotgun. He was in poor health and had been melancholy for several weeks, but had given no intimation of an intent to end his existence.

## If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowels affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their results, as bronchitis, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing permanent cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley, of Hingham, M. D.; of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hays, M. D., of Hahnemann Med. College, Chicago, and scores of others, especially eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. The formula is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and is safe and reliable. A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

## Runaway Fatal to Three.

Marshalltown, Ia., Oct. 29.—Dr. J. A. Williams of Belle Plaine and his stenographer, Mrs. Burgess, were fatally injured in a runaway accident here, and Dr. Williams' daughter, Mary, aged two years, was killed.

## MOST HEALTHFUL FOOD

When there are impure or improper elements in food, they may enter the blood and cause illness or discomfort. Blood and muscles, bone and tendon, brain and nerve—all the organs and tissues of the body are built from the nutritive ingredients of food. The most healthful food is

**DR. PRICE'S**  
WHEAT FLAKE CELERY  
FOOD

as it is best fitted to the wants of the user. Never causes fermentation or intestinal distress. It is appetizing and

## SITUATION IS NORMAL

Financial Conditions in New York Have Improved.

## ALL REPORTS FAVORABLE

Principal Events in the Financial District Indicate That the Worst of the Crisis Now Is Over—Large Importation of Gold.

New York, Oct. 29.—The principal events in the financial district indicate that the worst of the crisis is over and that conditions are settling down to normal. There have been no further bank suspensions and reports are favorable for the resumption of most of the banks which closed temporarily last week. The engagement of \$18,750,000 in gold from Europe for importation to New York was followed by the announcement of sales of American copper abroad, which will further increase the tide of foreign money to this country to an aggregate of \$25,000,000. This, with the rapid rise of gold securities on the Stock Exchange, in some cases as much as 4 and 5 per cent, which was naturally followed by a light reaction at the close, and the policy of the trust companies not to pay out currency for hoarding purposes, all contributed to strengthen the feeling in banking quarters and among the public at large. Runs upon banks have practically ceased, partly because of recognition that they were unnecessary and unjustified and partly because of the policy adopted to pay large checks only in depositary banks. This system of payment worked no apparent hardship and was the cause of very little protest. Small checks were paid promptly in currency and larger amounts also were paid where it was demonstrated that the currency was required for other purposes than hoarding.

One of the sensational features of the day was the remarkable development in the copper trade. The United Metals Selling company reports a sharp advance in the prices. Copper that they would have gladly sold ten days ago at 12½ cents a pound commanded 13½ to 13¾ cents a pound. During the month the sale of this company has been between 80,000,000 and 90,000,000 pounds of copper. The bulk of the sales have been for export, so that up to now it is estimated that on the foreign deliveries during November and December there will be a return exceeding \$8,000,000 in gold. Sales by the other copper interests have been proportionally large.

That the story of New York's bank runs may now be written in a concluded chapter of financial history is the conviction stoutly expressed in Wall street.

## Normal Conditions Resumed.

Wall street, long accustomed to sensations, has resumed its normal condition and the line of depositors waiting at the Trust Company of America ceased even to draw the attention of the usual throng in the financial thoroughfare, which scarcely paused in its passing. It was announced at the Trust Company of America that the deposits for one day had exceeded the withdrawals by \$296,000 and that the company had been able to collect \$223,000 of outstanding loans, so that the net income of one day's business was an increase in cash of \$519,000. There was a distinct diminution of the run on the Lincoln Trust company.

Officials of the company stated that the run was about over. The run on the Colonial branch of the Trust Company of America, which is the largest branch in the institution, has ended. The few depositors that came to the company's office on Ann street

were quickly paid off and business resumed its normal routine.

The importation of \$17,000,000 in gold, which comes largely from London, is having a moral effect almost as important as its direct financial effect. It means that credit can be sustained under the 25 per cent reserve law to the amount of \$68,000,000 and that the banks will be in a position to keep their cash reserves intact even against considerable demands. The fact that exchange rates turn so quickly in favor of this country and that the gold was so readily obtained is accepted as an indication that the solvency of American financial institutions is not questioned in Europe. It is believed that much more gold will come this way within a short time.

The gold stock of the country is more than twice what was available in 1893, even according to liberal estimates of the amount in circulation at that time. The gold stock then dropped below \$600,000,000. It is now in excess of \$1,500,000,000. The treasury has free gold, not covered by gold certificates in circulation, to the amount of almost exactly \$250,000,000, or five times its resources, for protecting the public credit in 1896. The entire question, therefore, is not in any respect one of stability of the currency, as it was thirteen or ten years ago, but simply of the needs of larger cash resources in New York to sustain the expansion of credit that has taken place here, and these reserves are rapidly flowing to the city in the form of gold imports.

## BANKS IN GOOD CONDITION

Northwestern Institutions Anticipate No Trouble.

St. Paul, Oct. 29.—The steps taken to prevent a drain on the St. Paul banks, in view of conditions prevailing at other banking centers, have met with the heartiest approval of local business interests. Those dealing with the banks realized that under the circumstances such steps had to be taken, but there was not the slightest fear expressed in any quarter that the situation possessed any element of danger.

Some small depositors appeared at the banks with the intention to draw out their deposits and place the money in safety deposit vaults, but when the situation was explained to them they were satisfied with conditions and made no effort to hoard the money.

On the whole the local situation is as calm as though the banks had not taken any action to protect themselves and their depositors. In fact, there is a feeling that the banks could have done nothing better. Confidence has been inspired, especially by the knowledge that the banks had taken concerted action in the matter and had adopted a conservative plan which could have no other than a salutary effect.

The notice given by the banks that they intended to prevent the drain had exactly the influence on the public that it was intended to have. There has not been the slightest flurry anywhere.

Reports received from the country bankers doing business with St. Paul banks show that the situation in adjacent territory can be handled satisfactorily.

The St. Paul banks are in excellent shape and local bankers express the opinion that there will not be the slightest trouble in meeting the situation.

## SITUATION IN PITTSBURG.

Financial Conditions in Better Shape Than Formerly.

Pittsburg, Oct. 29.—The local financial conditions are in better shape than at any time last week. Not a financial institution in the city has been obliged to take advantage of the precautionary measures that have been arranged. The Stock Exchange remains closed and the probabilities are it will not resume for several days. An effort is being made to bring the local banks together in a plan whereby a certain sum of money will be placed with some banking institution to be available to local stock brokers at a fixed rate of interest when the Stock Exchange resumes business.

It is stated that to prevent the personal stockholdings of George Westinghouse being sacrificed arrangements are being made to place them in the hands of three trustees chosen by Mr. Westinghouse and the creditors. It is proposed to grant an extension of three years.

Mr. Westinghouse's personal obligations are said to be \$8,000,000, for which he had to put up \$20,000,000 securities.

## RECEIVER IS APPOINTED.

New York Attorney Takes Charge of Affairs of the Heinz Company.

New York, Oct. 29.—Lindsay Russell, an attorney, has been appointed receiver for the suspended brokerage firm of Otto Heinz & Co. on the petition of creditors. The appointment was made by Judge Holt in the United States district court. The receiver's bond was fixed at \$100,000. The firm was suspended from the Stock Exchange after the sharp decline in United Copper.

## AT THE WHITE HOUSE

Conference Is Held to Decide on Trust Programme.

## M'CUMBER HAS A MEASURE

North Dakota Senator Has Prepared a Bill the Object of Which Is to Secure a Certain Degree of Control Over Corporations.

Washington, Oct. 29.—The first step toward mapping out a programme for closer relations between the federal government and corporations of the country was taken in a conference at the White House, when President Roosevelt was invited to examine a bill prepared by Senator McCumber of North Dakota, the object of which is to secure a certain degree of federal control over corporate enterprises.

Senator McCumber's bill is intended to cover existing as well as new corporations and is designed particularly to secure a franchise system that will bring the corporations of the country under a federal franchise, to comply with the terms of which they would submit to the scrutiny of the bureau of corporations of the commerce department.

The bill contains a provision that the stock issued by such corporations shall be based upon their assets ascertained after an investigation by the secretary of commerce and labor. The issuance of stock for money to carry on needed improvements is an exception to the other provisions of the measure. Senator McCumber intends to present the bill on the opening of congress in December.

Representative Tawney was a caller at the White House and had a conference with President Roosevelt regarding the programme to be followed by the congressional committee, of which Mr. Tawney is chairman, on its visit to the isthmian canal zone to investigate expenditures. President Roosevelt is in hearty accord with this step to be taken by the house leaders and indorses the plans outlined by Chairman Tawney.

## RESORT TO CANNIBALISM.

Eskimos Forced to Eat Companions to Sustain Life.

St. Johns, N. F., Oct. 29.—Cannibalism has been resorted to by the Eskimos in the Ungava district and on the shores of Hudson strait, according to Rev. Mr. Stewart, an Anglican missionary to the Ungava bay Eskimos. Rev. Stewart states that owing to the severely cold weather and the unusual scarcity of game many of the natives in remote regions have perished from starvation and exhaustion and the survivors have been forced to cannibalism to sustain life.

Recently the crew of a New Foundland vessel in Ungava bay discovered thirty skeletons, lying unburied on the beaches. It is supposed these were the remains of some of the victims of the famine.

## WOMAN SAVES SIX MEN.

Drags Three Half-Suffocated Boarders to Safety.

Lead, S. D., Oct. 29.—Dashing into a burning house where six men were sleeping, unconscious of their danger, Mrs. John Scott, a resident of Sunnyside, succeeded in rescuing them single handed. The men were foreigners and were half suffocated by smoke when awakened and it was necessary for the woman to pull three of them from their beds and half drag them to safety. In the meantime her own home next door was in danger from the fire, but she worked bravely on until the firemen came and managed to save the Scott dwelling. The lodging house was destroyed, but Mrs. Scott is looked upon as a heroine by the thankful lodgers.

## UTE INDIANS SUBDUED.

Police Manage to Restore Order on Cheyenne River Reservation.

Omaha, Oct. 29.—According to advices received here from Sturgis, S. D., and from army headquarters here, the display of an ugly disposition on the part of the Ute Indians on Cheyenne river reservation has been practically smothered by the Indian police ahead of the approaching soldiers, who left Fort Des Moines Friday night and are now almost on the scene of the threatened uprising. The members of the Indian police are of the Sioux nation. It is expected that the four troops of cavalry ordered to quell the disturbance will be held at the reservation until the Utes are thoroughly pacified.

## ROBBED OF LARGE SUM.

President of a Gas Company Relieved of Stock Certificates.

Washington, Oct. 29.—The police of this city have received information that William J. Payne of Richmond,

**H. F. MICHAEL Co.**

Joshua Woods, who recently returned from Dakota, reports that his wife who was taken to the insane asylum last summer is much worse and does not recognize anyone.

The sewing society of the First Congregational church will meet with Mrs. Peter Walters tomorrow afternoon at 3 o'clock. All members are requested to be present.

D. M. Clark & Co. are agents for the Stewart, Favorite and Monitor base burners. 97tf

The official car of the Minnesota & International railroad went to Big Falls today after the family of Geo. M. Huss, chief of construction on the Big Falls and the International Falls railway.

Two four-year-old mares, unbroken, and one six-year-old, well broke, weight 1,000 to 1,100 pounds, will be sold cheap. Enquire at office of J. M. Elder or at farm, town of Long Lake. 125t2p

Con O'Brien says they have the first car of apples ever shipped direct from Canada to this section of the country. They are fancy winter apples and the price is fancy, too, being \$6 per barrel.

The Human Slave company, which was to have appeared at the opera house last night did not show up. Inasmuch as there had been no billing or advertising done few were disappointed.

Don't let the baby suffer from eczema, sores or any itching of the skin. Doan's Ointment gives instant relief; cures quickly. Perfectly safe for children. All druggists sell it.

A Hallowe'en frolic will be given by Homestead No. 1601 on Thursday evening Oct. 31st, 1907, at Odd Fellows hall. Entertainment and dancing. Everybody invited. Tickets 25c each. 125t2

Dr. and Mrs. C. R. Butler, of Cleveland, Ohio, were in the city yesterday and today as guests at the home of Mr. and Mrs. H. A. Carmichael. They are on their way home from an extended visit at Fargo.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's Regulents act gently and cure constipation. 25 cents. Ask your druggist.

L. F. Newton, assistant train master on the Lake Superior division of the Northern Pacific, was operated upon yesterday evening for some disorder of the bone of the wrist. He is reported doing nicely today.

The yellow wagons do the business and do it right. 125t2

Ed. Miller, formerly of the Arlington hotel at Calumet, Mich., has accepted the position of day clerk at the Ransford. Mr. Miller is a very pleasant gentleman to meet and will undoubtedly fill the position acceptably.

George Sinclair, of Long Lake, who sold his farm a few days ago, will take a trip through Oklahoma to look over that section of the country. He has not decided just when he will start, but not until he has disposed of his personal property in this county.

It was of importance that Admiral Dewey before the battle of Manila had the decks cleared for action; equally important is it to have the lungs cleared for action by taking Skaugs's Never Cough, made, sold and guaranteed by Skaugs, the Laurel street druggist. 118tf

A Carleton county farmer was treed by a moose according to his statements to the fish and game commission and had to kill it in self defense. The commission ordered the body shipped to St. Paul but the express company refused to accept it because decomposition had set in.

F. A. Handrahan, the piano tuner, who has been here for the past week or so went to Aitkin today on professional business and will return again on Friday of next week. He will remain here until Wednesday and all those who have not had their pianos tuned may leave orders at the City Hotel. It

While there is nothing definite given out the boiler makers are much more open in their declarations of belief that the settlement of the strike is at hand than at any time since its commencement. One of them stated today that a definite announcement was expected tonight or tomorrow. It is understood that 42 cents and a nine hour day is the basis of settlement.

The yellow wagons do the business and do it right. Fisher-Budd Fuel Co. 125t2

## WILL REVIEW HIS CASE.

### Federal Supreme Court Grants Petition of Minnesota Official.

Washington, Oct. 28.—The supreme court of the United States has granted the petition of Edward T. Young, attorney general of Minnesota, for a writ bringing the contempt proceedings against Mr. Young in connection with the enforcement of the railroad rate law of that state to that court for review and enlarged the scope of the order so as to permit of his admission to bail. He is now under sentence by Judge Lochren of the federal court on the charge of instituting a proceeding in the Minnesota state courts in the face of a prohibition by the federal court. The action of the supreme court will bring the entire subject before that court. The important question of the respective jurisdictions of the state and federal courts in cases in which state railroad legislation is involved, which has arisen in many states, notably in North Carolina, will necessarily be considered in this suit and it may prove to be a test case along new lines.

Government officials, including the members of the interstate commerce commission, regard the case as the first real clash between the state and federal authority on the transportation question that has occurred in the United States supreme court.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' Electric Oil instantly relieves the pain—quickly cures the wound.

## CAUSE LITTLE TROUBLE.

### Precautionary Measures Taken by Chicago Institutions.

Chicago, Oct. 29.—Very little trouble has been caused here by the action of the Clearing House association in limiting the amounts of money to be paid out by the banks. Business is almost entirely on a checking basis and apparently is normal in all directions.

The banks adopted a rule of not paying out currency in amounts greater than \$100 unless funds were required for pay rolls. If depositors desired money in excess of \$100 they were asked to take a cashier's check for the amount. In all savings banks the rule requiring legal notice was enforced if the depositor wished to withdraw an amount greater than \$100. The rule was elastic, however, and the banks imposed hardships upon no one. Money desired for payment of rent, insurance policies, or for necessary traveling was paid out promptly. In cases where notes were to be paid, the banks usually asked that the notes be presented to them for payment.

The only semblance of a run was at the Hibernian Savings bank, where many depositors gave notice of their intention to withdraw. These notices in the aggregate, however, were not of sufficient amount to constitute a run. At one time the Hibernian bank became so crowded that it was found necessary to call upon police headquarters for additional aid in controlling the lines of depositors who were intent upon giving notice to the bank, but there was no confusion worthy of the name and no excitement at any time.

All the banks declare themselves as satisfied with the business at present and are greatly pleased with the manner in which the business men of the city have met the changed conditions.

The belief is expressed here that the method used in handling the business will continue but for a short time

Foley's Kidney Cure will cure any case of kidney trouble that is not beyond medical aid—H. P. Dunn.

Matter of Fact Scotch.

The lowland Scottish peasant has an extremely matter of fact way of speaking about her relatives' and friends' deaths. The Cornhill Magazine tells of a good woman who had lost her aunt remarking to a sympathizing visitor: "Eh, yes, mem, aunty's deid, but she was very auld and frail. She's far better awa' and far hooper in glory, and I got a hunner pounds o' a legacy."

## AX LEVY WAS DECIDED UPON

vy for City Fixed by City  
Council at 8:73 Mills on  
Monday Night

## IK STREET TO BE FIXED

ty Fathers Bought New Fire  
Team—Old Team to be Worked  
on Streets

At the adjourned regular meeting of the city council last night all the members were present. The first matter taken up was that fixing the tax levy for the coming year. The levy was reported by the finance committee at 8.73 mills on the dollar on an assessed valuation of \$2,186,3, which will give between \$19,000 and \$20,000 for the use of the city. The levy is divided as follows:

	Mills
Current expense.....	5.73
Sinking fund.....	1.00
Interest.....	1.50
Library.....	.50

On motion the report was accepted and placed on file. A resolution ordering the levy was then adopted, all members voting aye.

A delegation from the towns of Oak and Nokay Lake was received. The gentlemen were there to urge upon the city council the necessity of improving the east end of Oak street.

Charles Stanley first addressed the council and stated that it was the first piece of road the farmers from the east had to haul over for many miles. T. C. Pointon also spoke, stating that there were holes eighteen inches deep in which the loose sand rolled up so that a team could hardly pull half a load. Mayor Wise added a mite, saying he and a friend drove over that road recently and at once began to sing "Life on the Ocean Wave." The street committee was instructed to level the street and cover with cedar bark or other available material. It was decided to use one of the fire teams for that purpose.

Alderman Toohy brought up the question of purchasing a new fire team. He stated that the fire and purchasing committees had found a team owned by Eli Caron, south of the city which suited and that in order to secure it for the city Alderman Baker had purchased the team for the city, paying \$400 for out of his personal funds. Alderman Toohy said a majority of the members of the council had seen the team and were satisfied with it and he wished the council to act upon the purchase. He also stated that if the city did not take the team Alderman Baker already had a chance to sell it for \$500. The council by unanimous vote approved the purchase.

The matter of using one of the fire teams for the purpose of doing street work was on motion left to the fire committee and the street committee jointly.

Alderman Farrar brought up the matter of securing a loan from the state to refund the \$40,000 of six percent bonds which mature January 1, 1908. A resolution applying for that amount at 4 per cent, payable after five years and not later than twenty years from date was unanimously passed.

The special levy for the repairs done to sidewalks was presented and on motion ordered.

The special levy for cement sidewalks as brought up for adoption. City clerk Spencer stated that he had taken the entire amount paid the contractor for filling and divided it equally among all the lots in the city, in the absence of any estimate from the city engineer of the amount of fill or cut, if any on each parcel of land. The city attorney

declared that method illegal and the matter was referred back to the city engineer with instructions to return a proper estimate.

As to the estimate on the paving of Sixth street the city clerk reported that he had received no estimate whatever from the city engineer as to the cost of the work, but had figured it out as nearly as he could from the amounts paid out for the different parts of the work. He estimated it at \$1 per front foot. The city engineer's estimate previous to the commencement of the work was reported to have been \$21 per 25-foot lot. The assessment as fixed by the city clerk was declared by the chair to have been passed.

The city treasurer asked the council if there was to be an assessment against the third sewer district for the preliminary expenses, which had been made and no sewers ordered. Alderman Fogelstrom stated that the district was not through, but that it did not want to be robbed on the contract.

The treasurer also brought to the attention of the city council the fact that there was about \$2,500 of the warrants on the first district sewer due and no money to pay them because of the non-payment of assessments. The holders were demanding their money. The matter was referred to the city attorney to give an opinion as to the liability of the city in the matter.

Alderman Zakariasen presented a petition from property owners on South Broadway asking that it be paved between Laurel and Pine streets. It was received and placed on file. There was considerable talk that it would be better to pave from Sixth street east one block than from Oak south.

The council then adjourned.

Henry E. Jones, of Tampa, Fla., writes: "I can thank God for my present health, due to Foley's Kidney Cure. I tried doctors and all kinds of kidney cures, but nothing done me much good till I took Foley's Kidney Cure. Four bottles cured me, and I have no more pain in my back and shoulders. I am 62 years old and suffered long, but thanks to Foley's Kidney Cure I am well and can walk and enjoy myself. It is a pleasure to recommend it to those needing a kidney remedy.—H. P. Dunn.

### A DELIGHTFUL EVENT

Mrs. Werner Hemstead Entertained  
Monday Evening in Honor of  
Mrs. J. J. Howe, Jr.

The handsome mansion of Dr. and Mrs. Werner Hemstead was the scene of a very recherche gathering Monday evening in honor of Mrs. Joseph J. Howe, Jr., who is soon to leave the city for Minneapolis to make her future home. The spacious rooms were beautifully decorated and brilliantly lighted. Bridge was the amusement of the evening, there being four tables. The first prize was won by Miss Amy Lowey, Mrs. Howe receiving the guest of honor prize. There were elegant light refreshments served and the entire affair was fully up to the standard set by this popular hostess in previous entertainments.

### A Card

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents serious results from a cold. Cures la grippe cough and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes.—H. P. Dunn.

### Notice

Say! did you ever attend a dance at the point on South Long lake hall if not you should not miss the Saturday November 9th dance as there is where everybody has a good time. Plenty of good barn room with hay furnished for all horses. Music by Gage's orchestra. N. B. CROSBY, Prop.

1242t-w  
Fire bricks, fronts and coal grates for cook stoves at E. J. Rohne's, 719 Laurel street. 122-128

## MUSIC AND DRAMA

### Coming Attractions

Soon—Alice in Wonderland.

### At The "Unique"

At the Unique the public was entertained last night with a very pleasant program which will be repeated to-night and tomorrow night. The illustrated song, "Tell Me Will My Dream Come True" sung by Miss Kathleen Graham, was a treat, as it was a beautiful composition handsomely illustrated. The solo "Good Bye Annie Laurie" was also enjoyed. "Returning Good for Evil" is a sad piece which shows the relationship between the rich and the poor. "An Atlantic Voyage" is rather a sensational piece. "Knowing Dogs" shows a lot of trained dogs and their tricks. "Who'll do the Washing" is a comical piece which balanced up the program nicely.

### WHO URES HYOMEI?

The Best People in Brainerd Says H. P. Dunn. Guaranteed in Catarrhal Troubles

No other remedy or treatment for catarrh has ever been as popular or made so many remarkable cures in Brainerd as Hyomei.

The best people attest its curative virtues, says H. P. Dunn, who is the local agent. The fair way in which Hyomei was sold, to refund the money unless it gives satisfaction, was the best proof when it was introduced that it possessed unusual curative powers. H. P. Dunn took all the risk of the treatment giving satisfaction, and left it to the purchaser to be the judge.

Later, when Hyomei was used and recommended by our well-known physicians and business men and their wives as a treatment that absolutely cured catarrh, no matter how serious or long standing, the sales rapidly grew and today there is no other remedy in H. P. Dunn's stock that has such a large and staple sale.

The first breath of Hyomei's healing air kills all catarrhal poison.

Try Hyomei today on H. P. Dunn's offer to refund the money if the treatment does not give you satisfaction. 119-121-125

### Worth Hearing

Dr. Rice, who lectures tonight at the Methodist church on "A Live Dog vs. A Dead Lion," is a pastor of one of the largest churches in Minnesota. His Sunday evening audiences generally average from 1,500 to 2,000 people in Duluth. This is enough to convince those who would like to come and hear his lecture providing it is worth listening to, that no preacher could gather such large audiences unless he was capable of so doing. His lectures are just as striking and eloquent as his sermons. His lecture tonight is the best in his repertoire. The Rev. Dr. Rice came in from Duluth on the noon train, and will leave tomorrow for Minneapolis where he has to fill another engagement. The lecture commences at 8 o'clock. Admission 25 cents for adults and 15 cents for those under 15 years of age.

No home is so pleasant, regardless of the comforts that money will buy, as when the entire family is in perfect health. A bottle of Orino Laxative Fruit Syrup costs 50 cents. It will cure every member of the family of constipation, sick headache or stomach trouble.—H. P. Dunn.

"Had dyspepsia or indigestion for years. No appetite, and what I did eat distressed me terribly. Burdock Blood Bitters cured me."—J. H. Walker, Sunbury, Ohio.

### For Sale

25 lots, 50x150 each in West Brainerd, price \$10.00 each to close them out. Title perfect, all taxes paid. SMITH BROS. 121t6 Walverman Block.

### AFTER A HOT CAMPAIGN.

Prohibitionists Win Out in Election at Birmingham, Ala.

Birmingham, Ala., Oct. 29.—Jefferson county, after one of the hottest campaigns in its history, has gone dry. While it is impossible at present to give the majority, the indications are that it will be about 1,500.

The city of Birmingham gave a majority of 320 against prohibition. The feature of the election was the presence of thousands of women and children at the polls. They paraded the streets with banners, sang hymns and pleaded with voters, and it is believed that they played an important part in carrying the county for prohibition. The vote cast was the largest ever recorded in the county.

### \$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh, being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.

## BEWARE OF THE BACKACHE

Often First Sign of Inactive  
Kidneys Which Require Immediate Attention

### TELLS PEOPLE WHAT TO USE

Says Lame Back and Urinary  
Troubles are the Danger Signals to Guard Against

More people succumb each year to some form of kidney trouble than any other cause. The slightest form of kidney derangement often develops into Bright's kidney disease, diabetes or dropsy. When either of these diseases are suspected the sufferer should at once seek the best medical attention possible. Consult a good, first-class physician, leave patent medicines alone.

There are many of the lesser symptoms of kidney trouble which can be treated at home is stated by a well-known authority. For some of these, such as backache, pain in the region of the kidneys, weak bladder, frequency (especially at night) painful scalding and other urinary troubles, try the following simple home remedy: Fluid Extract Dandelion, one-half ounce; Compound Syrup of Sarsaparilla, three ounces. These simple ingredients are harmless and can be obtained at any good prescription pharmacy and anyone can mix them by shaking well in a bottle. The dose for adults is a teaspoonful after each meal and again at bedtime.

There is no better general remedy known to relieve all forms of rheumatism either, because it acts directly upon the kidney and blood. It cleans the clogged up pores in the kidneys so they can filter and strain from the blood the poisonous uric acid and waste matter which if not eliminated remain in the blood, decompose and settle about the joints and muscular tissues causing the untold suffering and deformity of rheumatism.

Backache is nature's signal notifying the sufferer that the kidneys are not acting properly. "Take care of your kidneys," is now the physician's advice to his patients.

Noted by the decision to pay only in checks acceptable to the clearing house.

A large force of clerks was at the clearing house Sunday preparing for the issuance of loan certificates today.

## KILLED BY CITY MARSHAL

Man With Record as a Killer Meets Violent Death.

Benton, Ill., Oct. 29.—City Marshal George Adams shot and killed John Malone, former city marshal, after Malone had threatened the marshal's life.

A number of years ago Malone shot and killed a man at Hopkinsville, Ky. Later he is said to have killed a negro in Pope county, Ill. Just before removing from Galatia, Ill., where he served as city marshal, Malone shot a man in the mouth and a few years ago shot and killed John Hollehan in East St. Louis. He was tried for murder in each instance, but was acquitted.

### Notice to Our Customers

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults.—H. P. Dunn.

### Grand Duke of Tuscany Dying.

Vienna, Oct. 29.—It is reported here from Salzburg, Austria, that Archduke Ferdinand IV., grand duke of Tuscany, is dying. He has received the last sacraments. He is seventy-two years old and for some time past has suffered from a nervous malady.

In most cases consumption results from a neglected or improperly treated cold. Foley's Honey and Tar cures the most obstinate coughs and prevents serious results. It costs you no more than the unknown preparations and you should insist upon having the genuine in the yellow package. H. P. Dunn.

# Another of the Magnificent Prizes to be given in the Great Voting Contest

Artistic Individuality and Originality, Purity of Tone and Thoroughness of Construction. Conceived in the mind of an artist, worked out in its minutest detail by careful hands, created in ideal environment, loved by the world's most famous musicians, places

## THE EVERETT PIANO

in the highest possible rank among the very noted art instruments.

"When gripping griefs the heart would clothe,  
and doleful dumps the mind oppress, then music,  
with her silvery sounds, with speedy help doth  
find redress."—Romeo and Juliet.

## THE EVERETT PIANO

An instrument that the musical world has long awaited. It is indeed a musical revelation, a realized dream of a scientific designer whose reputation is international and whose genius has produced the ideal, artistic EVERETT of today. There is in the EVERETT'S tone an underlying richness, a tenderness and a solidity that when awakened by a master's hand, sounds the gamut of human emotions.

On the concert stage the EVERETT reigns supreme, and is the choice of the most eminent pianists and singers. The purity, richness, sympathy, brilliancy and power of its tone have made it the idol of the musical world. Great artists like Reisenauer, Burmeister, Nordica, Hirschman, Campanari, Gallico, Damrosch, Sousa, and others, have showered their coveted favors upon it. These distinguished musicians not only use the EVERETT when appearing in public, but it is the only piano that finds a place in their homes and studios.

An eminent divine once said that "doubtless God could make a better berry than the strawberry, but doubtless God never did." The inference is obvious that the good doctor recognized the infinite powers of the Great Creator to be limitless, but the necessity for improvement did not exist in the doctor's judgment of berries. Had the doctor been called upon to pass judgment upon the merits of the Everett piano, his criticism would probably have been that man never had made a better piano, and doubtless man never could. And this magnificent Everett Grand is but another of the splendid pianos we are giving away without barter and without price, in the Greatest voting contest the world ever saw. The magnitude of this Great Contest is sweeping the country like a whirlwind. Its popularity is spreading from coast to coast: New York and California have now named their favorite contestants. Don't let these magnificent pianos go out of the splendid Northwest—God's country—but you have got to show true western spirit and HUSTLE.

### Now is the Time to Harvest Votes

Don't wait until the tail end of the contest and be handicapped by those who got in at the beginning. Start today, while the contest is in its infancy, and work a little time every day and you can have your selection of those seven GRAND PIANOS.

For any Information Address Contest Dept. or Telephone 1658

## DENIED A REHEARING

Greene and Gaynor Lose Case  
in Appellate Court.

### THEY MAY REMAIN IN PRISON

Unless They Obtain a Writ of Certiorari From the Federal Supreme Court Contractors Will Have to Stay in Jail.

Montgomery, Ala., Oct. 29.—B. D. Greene and John F. Gaynor, the contractors who were convicted of defrauding the government out of a large sum of money, have been denied a rehearing by the United States circuit court of appeals, in session at Montgomery, and unless the defense secures a writ of certiorari from the United States supreme court they will have to spend four years in the penitentiary, besides paying a fine approximating \$2,000,000.

The prosecution of Greene and Gaynor dates back over ten years. They were convicted of being implicated in frauds in connection with harbor improvements of Savannah, Ga. On trial the defendants were convicted and sentenced to four years in the penitentiary, besides being fined nearly \$2,000,000. For several years the prisoners have been in jail, while their cases have been in the courts. They are now confined at Macon, Ga. When the case was reached in the court of appeals it was decided against the defendants, thus affirming the judgment of the lower court. Thereafter counsel for Greene and Gaynor applied to the court of appeals for a rehearing and it was upon this petition that the court handed down a decision denying the appeal.

### SON OF NOTED CHIEF KILLED

Winnebago Indian Supposed to Have Been Murdered.

Black River Falls, Wis., Oct. 29.—August Decorah, a Winnebago Indian and a grandson of the famous old chief Decorah, was killed and Mary War Club, his former wife, was perhaps fatally wounded near here. It is believed that one man is responsible for the two murderous assaults.

Decorah and the woman had wandered away from the big Indian encampment, where the annual great medicine dance was in progress. Apparently the couple were followed by a drink-crazed and jealous Indian, bent on killing Decorah.

The murdered Indian was immediately buried by his fellow tribesmen, but the authorities had the body exhumed and an autopsy was performed. Two great gashes in the forehead and one in the jaw indicated that Decorah was slain with an ax or hatchet.

Mary War Club is receiving medical attention at the county jail. Her skull is crushed and there is a deep cut across her shoulder and neck. It is feared that she will die without being able to disclose the identity of the murderer.

The woman was Decorah's wife, but he had deserted her some time ago. He returned from Nebraska last Thursday. The Indians refuse to talk of the crime.

### SUES THE STANDARD.

Former Independent Operator Asks Heavy Damages.

Findlay, O., Oct. 29.—George H. Phelps has filed suits here for alleged damages against the Standard Oil company in which he alleges the defendant company is a foreign corporation and not entitled to transact business in this state. For these reasons the plaintiff claims that he has been damaged in the sum of \$25,000 and asks for judgment for \$50,000, basing his suit on the Valentine anti-trust law.

Phelps says that he was an independent oil operator in 1901. He is the law partner of Prosecutor David, who has been conducting the recent local prosecutions against the Standard Oil company. Phelps filed suit on behalf of his wife Saturday against John D. Rockefeller for \$50,000.

### FOUR PERSONS INJURED.

Serious Fire Occurs in a Minneapolis Elevator.

Minneapolis, Oct. 29.—Four people were badly hurt in a small but fierce blaze here, which did but little damage, but gave the firemen a hard fight. The blaze started in an old elevator used by the Twin City Charcoal company. Two employees and two firemen were badly burned. The injured are:

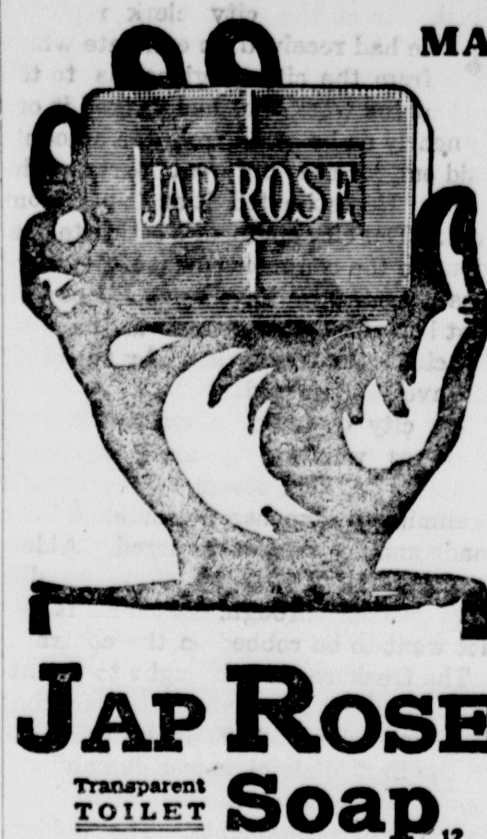

Henry Carpenter, colored; Harvey Squires, Captain Arthur Price, engine company No. 4; Lineman Michael Carroll, engine company No. 4. The financial loss amounts to \$4,000.

### Child Scalded to Death.

New Richmond, Wis., Oct. 29.—While playing about the kitchen at home in the town of Alden, the three-and-a-half-year-old daughter of Mr. and Mrs. Albert Skifstad fell into a kettle of boiling water that had just been taken from the stove and set upon the floor. The child died after twelve hours of terrible agony.

### Found Guilty of Murder.

Goshen, N. Y., Oct. 29.—The jury that has been trying Charles H. Rogers on the charge of murdering the Olney brothers and Alice Ingerick returned a verdict of guilty of murder in the first degree.

MADE ONLY BY

*Just Kink & Lomby*  
(Their Own Process)

It is transparent—clear you can read through it.

It lathers freely in all kinds of water. For use in hard water its strongest point.

Women say there is nothing to equal it for washing the hair.

Made from the whitest purest and best vegetable oils—oils that you can eat.

It's twice the size and less than one-half the cost of any brand of really good transparent soap.

SO CLEAR YOU CAN READ THROUGH IT

## SPEAKER CANNON'S BOOM.

Formally Launched by Illinois Congressmen.

Chicago, Oct. 29.—Speaker Joseph G. Cannon's official campaign for the presidential nomination was started at a meeting of fourteen Illinois Republican congressmen at the Auditorium here. It was decided to place Speaker Cannon in the race whether he acquiesced or not, but when the speaker was called in at the end of the end of the three-hours' conference he said:

"Well, boys will be boys. Do as you please."

Five other Illinois congressmen who were unable to be present are also back of the movement. Congressman McKinley was made chairman of the committee to have the Cannon campaign in charge.

Congressman Frank O. Lowden, Republican national committeeman for Illinois, called the meeting to order and the following other congressmen were present:

Wilson, Chapman, Rodenberg, Smith, Graft, McGavin, Prince, Sterling, Snapp, Fuller, McKinley, Lorimer and Madden.

Congressmen Boutell and Mann telegraphed sympathy with the purpose of the meeting. Congressman Foss is in Massachusetts at the bedside of his father. Congressman Knopf is sick.

## MUST PAY FOR THEIR FUN

Victim of Hazers Awarded Damages by Jury.

Kewanee, Ill., Oct. 29.—For hazing Charles Stoner of Bradford, a student at a Bradford school, last spring five young men of Bradford must pay \$14,000 damages, according to a verdict brought in by a jury. The defendants are William Real, Earl Lappin, Arley Harwood, Earl Howe and Francis Long. They are said to have tied Stoner to a tombstone in a cemetery. Stoner was so severely frightened that in his attempts to get free he pulled the tombstone over on himself, breaking a bone in his leg.

## Reduce Your Fat

Rengo Rapidly Reduces Excess Fat

Without the Aid of Tiresome

Exercises or Starvation Diet

COSTS NOTHING TO TRY.

Rengo will reduce excess fat and build up the strength and health of anyone who eats it regularly for a short time. It is a product of nature, delicious to the taste and safe and harmless in all its properties. It will not injure the digestive organs as so many drugs and medicines do.

Rengo will positively reduce surplus fat rapidly and do so without harm to the subject. It is very palatable and pleasant to eat. It is prepared in a highly concentrated form and is convenient to carry in the pocket so one can have it with him at all times.

Rengo requires no exhausting exercises or starvation dieting to help it out as so many of the so-called fat remedies do. You can go right ahead and attend to your regular daily duties. It compels proper assimilation of the food and sends the food nutriment into the muscles, bones and nerves and builds them up instead of piling them up in the form of excess fat.

There is nothing just as good as Rengo. For sale by all druggists at \$1.00 per full sized box, or by mail prepaid, by the Rengo Co., 3151 Rengo Bldg., Detroit, Mich. The company will gladly send you a trial package free by mail, if you write them direct to Detroit; no free packages at drug stores.

For sale and recommended in Brainerd by

Every fat person is a victim of constant, cruel ridicule. Save yourself from humiliation and danger by taking Rengo. Don't wait until you are a disgusting sight.

all its properties. It will not injure the digestive organs as so many drugs and medicines do.
